

INLINE® CLIPTONE

portable mini Bluetooth speaker, handsfree, IPX7

- **High protection class for demanding environments:** IPX7 certification allows use even in rain, splashing water, and adverse weather conditions.
- **Flexible clip design for mobile work processes:** The speaker can be securely attached to clothing or tool bags, supporting a free and efficient way of working.
- **Clear voice transmission for smooth communication:** Clear instructions and clean voice reproduction facilitate process and safety instructions on construction sites and in everyday work.
- **Long operating time for all-day use:** The battery life of up to 10 hours enables reliable performance throughout an entire working day.
- **Modern Bluetooth 5.3 technology for stable connections:** Efficient, low-energy wireless transmission ensures reliable range in the working environment.

The InLine ClipTone offers a professional solution for mobile voice and audio applications in working environments where reliability, flexibility, and robustness are required. Thanks to its compact design and integrated clip system, the speaker can be securely attached to clothing, bags, or tools. This facilitates free, efficient working and supports clear communication without the need to hold additional devices in your hand.

The IPX7 protection class ensures that the ClipTone can also be used in adverse weather conditions. Rain, splashing water, and damp work areas are no problem. Clear voice reproduction enables the clear transmission of instructions, voice announcements, or phone calls, which is particularly helpful in dynamic work environments.

With a battery life of up to 10 hours, the ClipTone is designed for all-day use. Bluetooth 5.3 technology provides stable connections and reliable range in the work environment. Thanks to the USB C charging port, the power supply remains flexible and compatible with modern charging solutions.

The ClipTone supports tasks that require clear voice output and freedom of movement. Its robust construction, low weight, and ease of use make it a versatile tool for everyday use.

Technical Data	
Article height:	3 cm
Article length:	7.2 cm
Article width:	4 cm
Battery type:	600 mAh Li-Ion
Bluetooth:	5.3
Colour:	Black
Connection:	USB-C
Function keys:	3
Operating time:	10 h
Output power:	2 W
Range (approx.):	10 m
Signal transmission:	Bluetooth 5.3
Speakerphone:	Yes
Type:	Mobile Bluetooth speaker

Item No.	Colour	EAN
55383	Black	4043718348138
