INLINE® CABLE CLIP, 1-WAY

self-adhesive, black, pack of 10

- Easy installation without drilling: Thanks to the strong 3M adhesive pad, cables can be attached quickly and securely – ideal for permanent or temporary applications.
- Universally applicable: Suitable for offices, workshops, vehicles or households – wherever cable management is required.
- Flexible material for versatile applications: The clip is made of thermoplastic rubber (TPR), making it durable, dimensionally stable and gentle on cables.
- Compact, unobtrusive design: Measuring just 20 x 20 x 10 mm, the clip is also suitable for confined spaces or visible installations.
- Secure adhesion thanks to brand quality: The 3M adhesive pad ensures a reliable bond with smooth, grease- and dust-free surfaces.

With the InLine® cable clip 1-way, you are choosing a simple, reliable solution for cable fastening without drilling. The compact clip is made of flexible thermoplastic rubber (TPR) and is equipped with a high-quality, self-adhesive 3M adhesive pad. This ensures that it adheres securely to all smooth, clean surfaces and provides structured cable management – whether in the office, in vehicles, in warehouses or in technical installations.

The InLine® cable clip is suitable for fastening individual cables such as USB, power or network cables. Thanks to its unobtrusive design, it can be used in both visible and hidden areas. Whether for temporary setups at trade fairs, permanently in the server room or for retrofitting in the office – this cable clip reliably supports you in implementing professional cable management solutions.
